Thiruvananthapuram

Called the 'Evergreen city of India', Thiruvananthapuram or Trivandrum as it was previously called, is the capital of Kerala. A gracious and green city spread over seven hills, heritage buildings, palaces & museums, Thiruvananthapuram, is steeped in history and culture. The city comprises beautiful beaches, long stretches of palm fringed shorelines, windy backwaters, historical structures and authentic ayurvedic massages.

This is a city where time moves gracefully with the day unfolding according to time honoured rhythms, qualities which make it one of the best cities in the country. Holding fort in the heart of the capital is Sri Padmanabhaswamy Temple believed to be one of the richest temples in the world dedicated to Lord Vishnu who reclines on the serpent Anantha and after whom the city is named. This salubrious city is a major attraction for tourists and for many it captures the very essence of Kerala.

The venue THE LEELA KOVALAM is a picturesque beach property with excellent facilities for this grand event. The beach is considered one of the finest in the world and provides ingredients for an ideal holiday. Besides swimming, there are opportunities for surfing, water skiing and even an exhilarating catamaran ride into the sea.

We are expecting more than 800 delegates from India & abroad for the meeting and hope that this will be one of the biggest Vitreo-Retinal meetings in recent times and the scientific committee of VRSI has promised a very rich and varied scientific fare.

We extend a warm welcome to all the delegates and promise that this will be one memorable experience that you will cherish forever. Thiruvananthapuram awaits you.
